

2009 Illinois Search And Rescue Conference

*August 21-23, 2009
Rend Lake Resort & Conference Center
Whittington, Illinois*

The 2009 conference will again bring together search & rescue professionals from across the State of Illinois and surrounding areas to meet, train, and network. The conference is organized with the usual compliment of training and workshop sessions, as well as some additional happenings new to the schedule. The first of these new activities will be the Emergency Vehicle & Equipment Display on Saturday morning, which will showcase Search & Rescue and other specialized emergency response equipment from around the State of Illinois. Another new feature this year is the addition of product vendors that will be showcasing equipment which is applicable to search & rescue. Finally, we have heard the requests from last year's participants and have put together a social event for Saturday night to enhance the networking opportunities among conference participants.

For additional information on the conference including event schedules, rules and regulations, registration, lodging, and more visit the ISARC website and click on CONFERENCE.
